In-person registration: Bring your completed registration form (p.32) and payment to the Administration Building, 803 North Stanwick Road, between 7:30am-4:00pm, Monday-Friday.

Mail in registration: Send your check made payable to MTPS and the completed application form (p.32)to: Summer Enrichment Program 803 North Stanwick Road Moorestown, NJ. 08057

Online registration: Please visit www.mtps.com and click on the Summer Enrichment Camp link to view the full brochure, complete the student application, and make payment.

The Board of Education reserves the right to cancel any class with insufficient registration. Should this occur, participants will be notified of any changes in the class offerings via phone or e-mail. If the class is scheduled to run, there will be no tuition refunded after May 15, 2018. Any classes cancelled by the district will be refunded in full.

Transportation: There is no transportation available for the Enrichment Program.

Code of Behavior: Rules and regulations for the Enrichment Program will be distributed and fully enforced. Students who refuse to abide by these rules will be given one warning before dismissal from the program. Students dismissed in such cases will not be entitled to a refund of tuition.

For additional information or questions about any of our Summer Enrichment offerings, contact Lauren McGlone at 856-778-6600 ext. 18151; lmcglone@mtps.com

Session 1 July 9th, 10th, 11th, 12th, 13th Course Descriptions:

Hey Diddle Diddle – The Kindergartners Fiddle! Grades K-1st

Class Meets Monday through Friday 8:30 AM – 11:45 AM. Course Description: “Kindergarten Camp” is a unique opportunity to help your child transition to kindergarten and from kindergarten to first grade. Each class is taught by one of our Moorestown kindergarten teachers. The classes get children excited about starting school in September. All campers will participate in activities and games that prepare them for their school experience. The theme of the camp session makes each camp session a unique experience. Theme: Nursery Rhymes - Humpty Dumpty sat on a wall, but these campers will be doing a LOT more than that! Nursery rhymes are filled with alliteration and rhyme and are perfect for developing phonemic awareness in young children. Children will be learning nursery rhymes and will have the opportunity to act them out with their friends. Instructor: Syreeta Lee. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Get into Shapes! Grades: K-1st

Class Meets: Monday - Friday 8:30 AM -11:45 AM Course Description: “Kindergarten Camp” is a unique opportunity to help your child transition to kindergarten and from kindergarten to first grade. Each class is taught by one of our Moorestown kindergarten teachers. The classes get children excited about starting school in September. All campers will participate in activities and games that prepare them for their school experience. The theme of the camp session makes each camp session a unique experience. Theme: Learning about two and three dimensional shapes is part of the elementary kindergarten math curriculum. This camp session will provide many fun opportunities for children to explore shapes and learn about geometry in their world. Instructor: Sharon Kulik. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Alphabet Fun Grades: K-1st

Class Meets: 12:15pm-3:30pm Course Description: “Kindergarten Camp” is a unique opportunity to help your child transition to kindergarten and from kindergarten to first grade. Each class is taught by one of our Moorestown kindergarten teachers. The classes get children excited about starting school in

September. All campers will participate in activities and games that prepare them for their school experience. The theme of the camp session makes each camp session a unique experience. Theme: In our classroom we will explore the alphabet in many different ways! Your child will enjoy singing songs, listening to stories, playing with play dough, making crafts and soooo much more! Looking forward to meeting you all for some Alphabet Fun! Instructor: Syreeta Lee. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

1,2,3, You and Me! Grades: K – 1st

Class Meets: 12:15pm-3:30pm Course Description: "Kindergarten Camp" is a unique opportunity to help your child transition to kindergarten and from kindergarten to first grade. Each class is taught by one of our Moorestown kindergarten teachers. The classes get children excited about starting school in September. All campers will participate in activities and games that prepare them for their school experience. The theme of the camp session makes each camp session a unique experience. Theme: Math is all around us! Together we will explore numbers and learn how math is used each and every day in our lives. This session will help prepare children for some of the math concepts they will encounter once they begin kindergarten. Instructor: Sharon Kulik. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Come Play with Us! Grades: K-8th

Class Meets: Mon-Fri. 8:30am-11:45am OR Full Day Course Description: Remember the "good old days" when there was no internet, x-box, PS4, or even cell phones and we actually had to go outside for entertainment?! We are bringing all those fun, spirited, outdoor games back to Moorestown this summer. Your child will learn how to play dozens of those oldies but goodies with other children. Playing these games will not only benefit your child physically, they will also teach them life-long skills about how to interact with their peers in multiple ways. The best part is, they can bring these games back to your home and your neighborhood. Watch how quickly these become their new favorite thing to do! Instructor: Katie Cunnane. Tuition: Morning only \$225 Full day: \$435 *Attend Come Play with Us! Full Day or make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Introduction to Drone Flying Missions Grades: 1st-2nd

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Intro to Drone Flying Missions is specifically designed for campers with little to no experience flying drones. We use the safest and most reliable drone products on the market, including the Parrot™ drones for enhanced safety and most of all, fun. Campers will learn the basics of drone technology and safety before taking to the air. Through the use of iPad flight simulators and clear instructions on basic flying maneuvers, young Drobots' pilots will experience a program filled with excitement, games, challenges, and learning. Campers work all week long to prepare for the most enjoyable part of the week: the Ultimate Drone Games that include events such as: Tic-Tac-Drone, Drone Darts, Duck-Duck-Drone, and more. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes and trinkets so the memories last long beyond the summer. Drone safety and the social responsibilities of flying drones are included in this program. See more at: <http://drobotscompany.com/drobots-summer-camp-drone-video/> Presented by: Drobots Company. Tuition: \$435.

Take a Dive Grades: 1st-5th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Dive into the world of marine biology and oceanography! In our morning day camp you'll dissect a real shark, participate in a fisherman's challenge, examine the anatomy of a fish and learn the ancient technique of gyotaku or "fish rubbing", learn to survive at sea with a homemade solar still, create a kelp forest and make your own submarine. You will also come face-to-face with some unique sea creatures! You'll complete a squid dissection, bring to life genuine Triassic Triops, conduct a whale adaptations lab, and examine many weird wonders that live under the sea! Presented by: Science Explorers. Tuition: \$435.

LEGO Building Grades: 2nd-3rd

Class Meets: Mon.-Fri. 8:30am-11:45am This enrichment class is an exploratory hands-on experience. This course will involve creating a product out of Legos by following a set of criteria. This will be an opportunity for upcoming 2nd and 3rd graders to work collaboratively to create a LEGO® product. Class meets: 8:30-12:15 Instructor: Kim Martin. Tuition: \$ 225. *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Interactive Storytelling with Coding Grades: 2nd-4th

Class Meets: Mon.-Fri. 12:15pm-3:30pm Course Description: Coders and creative writers will be introduced to basic programming and collaborate with one another as they create interactive stories, design animations, and persist through difficult tasks. Students will develop problem solving skills as they solve coding puzzles and create their own animations. Topics covered will be: Sequencing, repetition, conditional logic, animation, storytelling, problem solving, debugging, and more! NO previous experience is required. Instructor: Devon Rau. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Recycle It! Grades: 2nd-5th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Students will create beautiful and interesting artwork using a variety of recycled materials. Students will breathe new life into ordinary objects and materials that might have been thrown away, but instead will be assembled into masterpieces with the help of tools from the art room! Instructor: Cydnee Perman. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Ultimate Drone Obstacle Challenge Grades: 3rd-5th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Ultimate Drone Obstacle Challenge is specifically designed for both the novice and experienced drone enthusiasts. This week is filled with pure

action as students enjoy one of the world's fastest growing sports, Drone Obstacle Racing. Campers will first learn about the basic safety of drone flying and the history behind drone racing as a sport. From there, campers will progress through various skill challenges and learn how to perform various exercises and maneuvers to become familiar with the drone's speed and agility. Campers will use iPads and remote controls to navigate the drone through short and long obstacle courses. Participants will also create the design and help build the obstacle course in preparation for the last day's final activity and competition. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes and trinkets so the memories last long beyond the summer. Drone safety and the social responsibilities of flying drones are included in this program. Presented by: Drobots Company. Tuition: \$435.

Summer Top Artist Grades: 4th-7th

Class Meets: Mon-Fri. 8:30am-11:45am OR 8:30am-3:30pm Course Description: Take on the challenge to continue to strengthen your art skills such as drawing, painting, and designing this summer. We will be working on 2D and 3D projects. Students will bring home beautiful and completed works of art! Instructor: Marisa Pasquini. Tuition: Morning only \$225 Full day: \$435 *Attend Summer Top Artist Full Day or make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Cooking- and Eating- with Science! Grades: 4th-8th

Class Meets: Mon. – Fri. 12:30pm-3:30pm Course Description: Science served on a plate? It's delicious!!! Learn how energy can help you create tasty treats including, ice cream, cake, and more! Learn fundamental cooking techniques, sample healthy eating, determine how temperature effects foods, discover about (and test out) your digestion, explore versions of food pyramids and product labeling, and find out how common cooking appliances work. "GMO," organic, free range, gluten free," will be explained and questions like "is vegetarianism for me?" will be discussed. Become a "star-chef" -a sunny gourmet- by constructing your own solar oven, and use the sun's energy to heat nachos and cheese in a "green" earth friendly way. Most importantly cook, eat, learn, and enjoy science in this hands on class! Instructor: TBD. Tuition: \$225 Material Fee: \$15.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Introduction to Stained Glass Grades: 5th-11th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Students enrolled in Introduction to Stained Glass will learn skills related to the copper foil technique of stained glass work. Students will create their

own stained glass art panel. They will learn how to properly draw a design and cut out a template and apply that template onto glass. They will select and cut their own glass. Students will grind the edges of their glass and learn how to apply copper foil. Students will also learn how to solder their design together and finish by etching the solder and frame. Come and bring your ideas to light! Instructor: Daniel Smith. Tuition: \$225 Material Fee: \$15.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Theater Audition Workshop Grades: 10th -12th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Taught by Moorestown High School Theater directors, this course is designed to assist students in preparing for school, community, college, and/or professional musical theater auditions. Students will leave with a professional headshot, resume, monologue, and 32 bar cut of a song. Audition pieces will be selected to best fit the individual student, and time will be spent practicing and perfecting them. Additionally, students will gain experience in dance auditions, and the week will culminate in a mock audition with teacher feedback. Instructors: Greg & Erica Harr. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Musical Theater Workshop Grades: 10th-12th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. Instructors: Greg & Erica Harr. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Session 2 July 9th, 10th, 11th, 12th, 13th Course Descriptions:

CRAYOLA[®]: World of Design Grades: K-5th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: CRAYOLA[®]: World of Design is a summer camp that takes kids on a journey to the edges of their imagination – and beyond! They learn about Mars, the rainforest, and cities of the future, and get engaged in the creative design process to solve real-world problems. Each camp day focuses on a specific field of design, and our young architects, illustrators and graphic designers develop their ideas from concept, to sketch, to finished product. They

bring their concepts to life by experimenting with Crayola® products, and exploring art techniques like sculpting, storyboarding, mixed media, and collage. Combining art, design, fun active games and inspiring themes from around the world, this camp is designed to inspire! Presented by: Mad Science
Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

BRIXOLOGY Grades: K-5th

Sorry! This class is FULL!

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Using LEGO bricks designed exclusively for Mad Science, junior engineers team up to construct different projects. From carnival rides to drawing machines, mechanical animals to truss bridges to space stations, you’ve got to check this out! Engineering Design Challenges include building a space sail, bobble head, and glider car. Try your hand at aerospace, nautical, biomechanical, and even structural engineering! Let the tinkering begin! Presented by: Mad Science. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Baking Sweet & Savory Grades: 1st-5th

Sorry, this class is full. Please contact us to be added to our wait list.

Class Meets: Mon-Fri. 8:30am-11:45pm Course Description: Who doesn’t love to bake? In this class, we will examine baking goodies from cakes to muffins, cookies and even pizza! Each day will feature delicious treats – all prepared using healthy ingredients! Kids will learn baking skills and enjoy their creations! This camp also features nutrition activities and fitness! Instructor: Michelle Kearns. Tuition: \$225 Material Fee: \$2.00 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Hip Hop Dance Program Grades: 1st-8th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Our program teaches students the history of hip-hop dance, along with the newest, trending dance moves of today. Our program is designed to educate students on important life skills, while giving them the confidence to freely express themselves through hip-hop dance! Presented by: GP Entertainers. Instructor: Gia Savidge. Tuition: \$435.

Under the Sea! Grades: 2nd-5th

Class Meets: 8:30am-11:45am Course Description: Students will travel to the seashore and beyond by creating artwork that focusses on the ocean and everything that lives there! Students will use processes of painting, collage, printmaking, and more to produce beautiful and bright pieces of art, all while learning more about some of the ocean’s most interesting inhabitants. Instructor: Cydnee Perman. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Minecraft I Grades: 2nd-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Students will learn the fundamentals of Minecraft from building a shelter to gathering resources in an endless world of fun and creativity. Students do not need to take Part 1 in order to participate in Part 2, however we will expand our survival skills in order to play multiplayer building competitions, races, and team challenges. Instructor: Kevin Stevens. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Computers...Inside and Out Grades: 3rd-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Steve Jobs said that everyone should know how to program a computer, because it teaches you how to think! This fun and exciting course is designed for students who want to learn more about how computers work. Students will utilize coding basics to complete tasks and control robotic devices. And, this year, we'll go under the hood! Students will be given a mini-computer so they can explore the hardware and understand how it all comes to life. And here's the best part...they'll even be able to take it home when they are finished! Each student will be given their own Raspberry Pi mini-computer to keep! (Raspberry Pi minicomputer is a motherboard, power supply and operating system software only... monitor, keyboard, and mouse are not included, but most versions can be used with the computer). Instructor: Mark Ambrosino. Tuition: \$225 Material Fee: \$40.

Storybird: Publish Your Own Virtual Book Grades: 3rd-6th

Class Meets: Mon-Fri. AM Class 8:30am-11:45am Mon-Fri. PM Class 12:15pm-3:30pm Course Description: Have you ever wanted to publish your own book? Now it can be your turn to become an author and illustrator! Walk through the virtual world of Storybird Publishing focusing on skills such as: how to utilize the program, typing, pre-writing, creative writing based on pictures, and revising and editing. The best part is that your parents will have the opportunity to order the published book online at the end of the session. Don't miss this opportunity! Instructor: Bill Wilson, Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Summer Book Club Frenzy Grades: 4th-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Students will learn how to "talk up" a good book while sharing their reading experiences with their peers. We will learn how to access book reviews on line and search out the perfect genres, lexiles and authors that all of our classmates are talking about. This course is great for the reluctant reader because we all need to connect to that perfect author or genre and, from there, the journey begins. Instructor: Jennifer Stevens. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

E3+P = Exciting Examples of Everyday Phenomena with Life Hacks! Grades: 3rd-7th

Class Meets: 12:15pm-3:30pm Course Description: This course will explore Life Hacks of scientific principles such as, but not limited to , air pressure, gravity, electricity sound waves, inertia, expansion, contraction, density, forces and motion. During each class meeting, students will be introduced to an example of an everyday phenomena. Students will then have a "hands on" experience with that phenomena, that will highlight an aspect of that scientific principle. Then, as a group we will discuss that phenomena to clarify the scientific principles involved For example: We may look scientifically at Sound Waves and then Life Hack an i-phone speaker out of a cardboard tube and push pins! Instructor: Daniel

Smith Tuition: \$225 Material Fee: \$5.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Escape the Rock! Grades: 4th-5th

Class Meets: Mon-Fri. AM Class 8:30am-11:45am Mon-Fri. PM Class 12:15pm-3:30pm Course Description: Law-abiding children will travel back in time, across the Mississippi, through the Great Plains, over the Rocky Mountains, to sunny California: where they will go to--prison. Using the popular book *Where Is Alcatraz?* by Nico Medina, students will learn about the most infamous prison in American history known as The Rock. Collaborating with their fellow "inmates", students will attempt to "Escape the Rock" using critical-thinking skills and complete hands-on activities to showcase all they learned. Instructor: Kate Morken. Tuition: \$225 Material Fee: \$ 6.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

LEGO ROBOTICS – Beginners Grades: 4th-6th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: This enrichment class is an inquiry based, minds-on, hands-on learning experience helping students engage their minds to help prepare for the challenges of tomorrow. The students will be making real life connections through engaging activities and cooperative learning. The activities will focus around utilizing Legos and a computer program to explore robotics engineering. This course will utilize the LEGO® MINDSTORMS® technology /NXT software. Instructor: Kim Martin. Tuition: \$ 225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Taking on the Chess Challenge Grades: 4th-8th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Students will learn the fundamentals of Chess. They will also have the opportunity to strategize with peers while also engaging in various levels of games. Instructor: Kevin Stevens. Tuition: \$ 225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Water Rockets and Mousetrap Racecars Grades: 5th-8th

Class Meets: Mon.- Fri. 8:30am-11:45am Course Description: Students enrolled in this enrichment class will build Water Pressure Fired Rockets with a detachable nosecone and parachute using mostly recycled materials. Students will launch their rocket, estimate its top altitude gained and measure the time it takes for their payload and parachute to make it back safely to the ground. AND Students will make their own Mousetrap powered racecars. Cars will be made from mostly recycled materials. The focus will be on how to modify them for speed. Students will have an in class drag race completion to determine the fastest car. Instructor: Daniel Smith. Tuition: \$225 Material Fee: \$5.00. *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

PARCC Writing Prep 101 Grades: 6th-8th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: This course is designed for students who are interested in learning specific writing techniques and strategies that will give them an advantage on the Language Arts portion of the PARCC Exam. Students who take this course will also be better prepared for the 2017-2018 academic year in the area of essay writing. By the end of the course, students will publish both Argumentative and Explanatory essays that meet or exceed the highest standards on the NJ

Holistic Scoring Rubric, which is used to assess the formal PARCC Exam. Instructor: Caisse Gore. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Theater Audition Workshop Grades: 7th-9th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Taught by Moorestown High School Theater directors, this course is designed to assist students in preparing for school, community, college, and/or professional musical theater auditions. Students will leave with a professional headshot, resume, monologue, and 32 bar cut of a song. Audition pieces will be selected to best fit the individual student, and time will be spent practicing and perfecting them. Additionally, students will gain experience in dance auditions, and the week will culminate in a mock audition with teacher feedback. Instructors: Greg and Erica Harr. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Musical Theater Workshop Grades: 7th-9th

Class Meets: Mon.- Fri. 12:15pm-3:30pm Course Description: Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. Instructors: Greg & Erica Harr. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

The Illuminati & Other Conspiracy Theories Grades: 8th-12th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Conspiracy thinking has been a part of American society since the nation's founding. This multimedia course will survey some of the most widely held conspiracy theories to have emerged from our society, including the Illuminati and the New World Order, presidential assassinations, and 9/11. With an emphasis on media literacy and critical thinking, we will seek to identify the rhetoric and psychology supporting conspiracy theories. Students will emerge from the course with a better understanding of the differences between conspiracies and conspiracy theories, the historical context for the belief in conspiracy theories, and the use of evidence and argumentation in critically analyzing conspiracy theories. Instructor: Bill Wilson. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

SAT Math- Problem Solving Skill Building Grades: 9th-12th

Class Meets: Mon.-Fri. 12:15pm-3:30pm Course Description: Sharpen your Algebra, Geometry, and Problem Solving Skills. Learn test taking strategies, proper calculator use, and put it all together by taking Practice Math SAT tests. Instructor: Angela Murphy. Tuition: \$225.

Session 3 July 16th, 17th, 18th, 19th, 20th Course Descriptions:

ARTY BEACH PARTY Grades: K-4th

Class Meets: Mon-Fri. 8:30am -11:45am Course Description: Join Abrakadoodle's ARTY BEACH PARTY - FUN IN THE SUN, SAND & SURF! - for K through 4th kids will love this ART-fully fun environment filled where they will complete several art projects each day along with music and games! Players will work on developing their skills in each sport before participating in small tournament-style scrimmages. Presented by: US SPORTS. Tuition: AM Only \$225 Full Day: \$435 *Attend Multi Sports Full Day or make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

GameBots Grades: 2nd-8th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Calling all gamers! Have a blast creating robotic games each week while learning about robotics. Students will learn about gear ratio, sensors, programming, and pulleys as they create fun to play games. Whether creating pinball machine, duck hunt or a ring toss game, your child is sure to have fun building, learning, and playing. Presented by: Snapology. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

SuperStructures :Architecture Grades: 2nd-5th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Can you design the next Taj Mahal? Come create and build the future using LEGO[®] bricks in Snapology's new and exciting Architecture class! It's never too early to foster your child's engineering and building skills in this super cool program. Presented by: Snapology. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

LEGO ROBOTICS – Advanced Grades: 4th-6th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: This enrichment class is an inquiry based, minds-on, hands-on learning experience helping students engage their minds to help prepare for the challenges of tomorrow. The students will be making real life connections through engaging activities and cooperative learning. The activities will focus around utilizing Legos and a computer program to explore robotics engineering. This course will utilize LEGO[®] MINDSTORMS[®] technology /EV3 software. (Should have prior experience with NXT or EV3 Software) Instructor: Kim Martin. Tuition: \$ 225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Musical Theater Workshop Grades: 4th-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. (Different material will be used in AM and PM sessions, so students may sign up for either or both). Instructors: Greg & Erica Harr. Tuition: \$225 *Attend Musical Theater Workshop Full Day or make it a "Mix and Match" to Save!

Musical Theater Workshop Grades: 4th - 6th

Class Meets: Mon.-Fri. 12:15pm-3:30pm Course Description: Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. (Different material will be used in AM and PM sessions, so students may sign up for either or both). Instructors: Greg & Erica Harr. Tuition: \$225 *Attend Musical Theater Workshop Full Day or make it a "Mix and Match" to Save!

Beginner and Intermediate Stained Glass Grades: 5th-11th

Class Meets: 12:15pm-3:30pm Course Description: Students enrolled in beginner and intermediate Stained Glass will learn skills related to the copper foil technique of stained glass work. Our focus will be on the design and developing the design to work with how glass cuts. Students will create their own stained glass art panel or alternate project of their choice. (Example, Candle Luminaria, Jewelry Box, House Numbers, Coffee Table Top, etc.) They will learn how to properly draw a design and cut out a template and apply that template onto glass. They will select and cut their own glass. Students will grind the edges of their glass. *If soldering the pieces together, students will learn how to apply copper foil and how to solder their design together and finish by etching the solder and frame. *If students want to imbed their design in a table top or as a set of mounted house numbers instructions and direction will be provided. This class is suitable for the novice (I will show you how to do this) and for students who have some experience working with stained glass but want help along the way as they create their own masterpiece. Come and bring your ideas to light! Instructor: Daniel Smith. Tuition: \$225 Material Fee: \$20.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Candy Math and Science Grades: 5th-6th

Class Meets: Mon-Fri. AM Class 8:30am-11:45am Course Description: Do you have a sweet tooth? Do you love Math and Science? What if I told you that you could enjoy both at the same time? If I got your attention, then this mouth-watering class is for you! Conduct hands-on experiments and activities using your favorite treats to explore the world of Math. Topics that are covered include statistics, fractions, decimals, percent, equations, and geometry. This class will be sure to be a delectable treat during your summer months! (Accommodations can be made for food allergies as needed.) Instructor: Bill Wilson. Tuition: \$225 Material Fee: \$10.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

PARCC Writing Prep 101 Grades: 6th-8th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: This course is designed for students who are interested in learning specific writing techniques and strategies that will give them an advantage on the Language Arts portion of the PARCC Exam. Students who take this course will also be better prepared for the 2017-2018 academic year in the area of essay writing. By the end of the course, students will publish both Argumentative and Explanatory essays that meet or exceed the highest standards on the NJ Holistic Scoring Rubric, which is used to assess the formal PARCC Exam. Instructor: Caisse Gore. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

How Philosophy Got It's Groove Back Grades: 9th-12th

Class Meets: Mon.-Fri. 8:30am-3:30pm Course Description: Students will grapple with some of the most pressing philosophical questions in the history of Western thought, each of which will be complemented through a feature length film. We will examine and debate a variety of topics and film plots that dramatize and explore deep questions such as: Do humans have free will? Why be moral? Does evil actually exist? Does life have meaning? What is the nature of reality? What are the limits of human knowledge? What constitutes personhood? Are there limits on ownership and property rights? Through this philosophical framework, students will be developing sound practices in discourse and argumentation that will support them for success in high school and beyond. Instructors: John Bertolino & Bill Wilson. Tuition: \$435.

Session 4 July 23rd, 24th, 25th, 26th, 27th Course Descriptions:

Super Slimy Science and Radical Reactions Grades: K-5th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Junior Scientists will dive into a variety of scientific fields as they mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Laser experiments and dry ice demonstrations will capture their attention as they observe how fun and exciting science can be. Campers will be amazed as they observe a chemical energy display, the world's simplest motor, and a hair-raising interactive demonstration worthy of praise by Van de Graaff himself! Through hands-on experiments ranging from circuits to catapults, children will be able to experience the fascination of what happens when you mix science and fun! Children will also learn about chemical reactions as they grow crystals, create sidewalk chalk from scratch, and design chromatography t-shirts to take home. Campers become trained science sleuths as they investigate the role of chemistry at the scene of a crime. We spark curiosity by asking children to make thorough observations while dusting for fingerprints! Presented by: Mad Science. Tuition: \$435.

Musical Theater Workshop Grades: 1st -3rd

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. (Different material will be used in AM and PM sessions, so

students may sign up for either or both). Instructors: Greg & Erica Harr. Tuition: \$225 *Attend Musical Theater Workshop Full Day or make it a "Mix and Match" to Save!

Musical Theater Workshop Grades: 1st-3rd

Cooking Around the World Grades: 1st-5th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: We will be taking a culinary trip around the world learning about and preparing foods from five different countries! Pasta from Italy, Chinese stir fries, South of the Border Mexican nachos, Island style chicken from the Caribbean and French crepes are just a few delicious dishes on the menu. The kids will be learning what makes up the cuisines from each country as well as the skills necessary to prepare the dishes. This camp also features nutrition activities as well as fitness. Instructor: Michelle Kearns. Tuition: \$225 Material Fee: \$2.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Minecraft II Grades: 2nd-6th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Students will learn the fundamentals of Minecraft from building a shelter to gathering resources in an endless world of fun and creativity. Students do not need to take Part 1 in order to participate in Part 2, however we will expand our survival skills in order to play multiplayer building competitions, races, and team challenges. Instructor: Kevin Stevens. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Power of "Not Yet!" Grades: 3rd-4th

Class Meets: Mon-Fri. AM Class 8:30am-11:45am Mon-Fri. PM Class 12:15pm-3:30pm Course Description: How can I help my child: develop a flexible mindset, strengthen critical thinking skills, and build resilience? In this course, young thinkers will learn about the wondrous brain and work collaboratively on challenging games and puzzles. With guidance and peer-support, they will self-reflect; describing mindsets when they first learn games, compared to how they view themselves after practice. Thinkers will also learn about professional athletes, inventors, presidents, and famous artists through literature that highlights adversity, failure, and those powerful words: Not yet! Instructor: Kate Morken. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Fantastic Creatures! Grades: 3rd-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Students will step into a fantastical world in this course by creating art that features magical and surreal creatures. Students will use a variety of art techniques to create dragon eyes, impossible elephants, cute garden gnomes, and more, and perhaps will even come up with some fantasy creatures of their own! Instructor: Cydnee Perman. Tuition: \$225 Material Fee: \$20 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Wizards of Wall Street Grades: 4th-6th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Are you looking for that “fun” way to reinforce your math skills while also learning about the stock market? Students will learn about the Stock Market by choosing to invest in companies of their choice through research; then they will invest “mock” money and monitor the ups and downs of their investment. They will be able to identify the stocks by their symbol and learn how to interpret daily stock market reports in the newspaper. Instructor: Jennifer Stevens. Tuition: \$225 Material Fee: \$5.00 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

LEGO ROBOTICS MISSIONS Grades: 4th-6th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: This enrichment class is an inquiry based, minds-on, hands-on learning experience helping students engage their minds to help prepare for the challenges of tomorrow. The students will be making real life connections through engaging activities and cooperative learning. The activities will focus around utilizing Legos and a computer program to explore robotics engineering. This course will focus on designing, building and programming a robot using LEGO® MINDSTORMS® technology and competing on a table-top field. (Must have prior EV3 software experience) Instructor: Kim Martin. Tuition: \$ 435.

Secrets of the Spaghetti Bridge Grades: 5th-8th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Students will explore the several different bridge styles. They will then design and build their own model bridge out of regular dry Spaghetti and hot glue. Students will then test their bridge for its weight holding capacity. The focus of the class will be on bridge design, construction and engineering. Instructor: Daniel Smith. Tuition: \$225 Material Fee: \$5.00 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Stop Motion Animation Grades: 5th-8th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Using digital cameras and computer software, students will develop, produce, direct and create their own stop motion animated short film. Instructor: Daniel Smith. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Debate Like a Pro! Grades: 7th-8th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: This course will enable students to access the tools necessary to develop and deliver an effective argument through formalized debate. Students will experience formal debate settings through the use of parliamentary procedure and an introduction to Roberts Rules of Order. The skills discussed in this course will not only help students better develop verbal arguments, but will also enhance their argumentative writing style through the assessment of evidence and use of proper sources. Instructor: John Bertolino. Tuition: \$225 *Make it a “Mix and Match” to Save! Monday-Friday Full Day Price: \$435.

Diplomacy! Grades: 7th-9th

Class Meets: Mon.-Fri. 12:15pm-3:30pm Course Description: Students will have the opportunity to build their own nation from the ground-up and then maintain their nation’s standing on the global scale!

Students will be introduced to government philosophy and ideals that will act as the bedrock of their created civilization and then attempt to survive the trials and obstacles of sharing the global and all its resources. How will you deal with: trade, environmental concerns, conflict, and military affairs, all while balancing the needs and wants of your people? Scenarios and events will be connected to historical events to provide students with a creative way of living out major international occurrences through their very own created world! Will the world be tossed into conflict or is it possible to achieve peace in our time? Instructor: John Bertolino. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Fiction Writing Fun Grades: 7th-12th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: Games and exercises designed to inspire creative writers will be the focus of this course. We will explore how to develop characters and authentic dialogue, ways to begin a story, and how to create page turning plots. This will be a fun and engaging experience for writers of all experience and skill levels. Needed: a notebook, a pen, and your imagination. Instructor: John Lloyd. Tuition: \$225.

Session 5 July 30th, 31st, August 1st, 2nd, 3rd Course Descriptions:

Musical Theater Workshop Grades: Pre-K(age 4)- Kindergarten

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description- Taught by Moorestown High School Theater directors, this course focuses on the basics of musical theater with work on acting, singing, and dancing using scenes and songs from popular Broadway/Disney productions. The week will culminate in an informal performance of learned material. (Different material will be used in AM and PM sessions, so students may sign up for either or both). Instructors: Greg & Erica Harr. Tuition: \$225 *Attend Musical Theater Workshop Full Day or make it a "Mix and Match" to Save!

Spanish is Fun! Grades: K-7th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Spanish is Fun! Would you like to learn more Spanish? What about fun facts about Spanish culture? Come join our class and practice your español through song, games, dance, dialogue, food tasting and online resources. Instructor: Barbie Kelleher. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

AttackBots Grades: 2nd-8th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: In this exciting class, students will build a variety of military inspired robotic models. Children will learn about sensors, gears, pulleys, and programming as they create robotic catapults, crossbows, tanks, bomber planes and much more!

Presented by: Snapology Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Snapology Scientists Grades: 2nd-5th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Allow your child to cultivate their love of science and experience different domains of science & nature. Students will engage in concepts from astronomy, earth science, biology, chemistry and physics using LEGO® bricks and other interactive learning tools. We make science fun at Snapology! Presented by: Snapology. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

ALMOST Good Enough To Eat! Grades: 2nd-5th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: In this course, students will study and be inspired by artists such as Claes Oldenburg and Wayne Thiebaud that make art that looks almost good enough to eat! We will use a wide variety of materials including painting, drawing, printmaking, plaster, and more to create our own "delicious" and beautiful masterpieces that will make the viewer hungry for more. Instructor: Cydnee Perman. Tuition: \$225 Material Fee: \$20 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Power of "Not Yet!" Grades: 3rd-4th

Class Meets: Mon-Fri. AM Class 8:30am-11:45am Course Description: How can I help my child: develop a flexible mindset, strengthen critical thinking skills, and build resilience? In this course, young thinkers will learn about the wondrous brain and work collaboratively on challenging games and puzzles. With guidance and peer-support, they will self-reflect; describing mindsets when they first learn games, compared to how they view themselves after practice. Instructor: Kate Morken. Tuition: \$225 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Drone Superhero Missions Grades: 3rd-5th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Superhero Missions is specifically designed for both the novice and experienced drone enthusiasts. Our instructors will open the creative minds of participants as campers attack and defend against Superheroes and Villains. Students will begin the week learning basic maneuvers before using their "SpideySense" to conquer missions such as: Batman's Drone-Mobile Escape, The Breakout of Iron Man and more. Participants will storyboard their own escape missions while other students attempt to outsmart them using the drone to locate and capture. Drone safety and the social responsibilities of flying drones are included in this program. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes and trinkets so the memories last long beyond the summer. Presented by: Drobots Company. Tuition:\$435.

Macrame ~ with Me Grades: 3rd-8th

Class Meets: Mon-Fri. 12:15pm-3:30pm Course Description: Macrame~ is a form of knotting, similar to weaving. Each day we will create new projects to take home with yarn, twine and beads. The projects we will create include: friendship bracelets, key chains, dream catchers, plant hangers and an owl wall art hanging. Students will master the art of the square knot as well as various combination of half-

hitches to create fun projects to take home. Instructor: Barbie Kelleher. Tuition: \$225 Material Fee: \$3.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Fused Glass Artwork and Jewelry Grades: 5th-11th

Class Meets: Mon-Fri. 8:30am-11:45am Course Description: Students enrolled in Fused Glass artwork and jewelry will create a fused stained glass art panel of their own design with integrated bales. Students will be introduced to glass painting, Dichroic glass, frit and mosaic styles. Students will also have the opportunity to create their own unique fused glass pendants suitable for jewelry or art. Special COE 96 glass will be used and fused in a high temperature glass kiln. Instructor: Daniel Smith. Tuition: \$225 Material Fee: \$20.00 *Make it a "Mix and Match" to Save! Monday-Friday Full Day Price: \$435.

Drone Racing & Obstacle Course Challenge Grades: 6th-8th

Class Meets: Mon-Fri. 8:30am-3:30pm Course Description: Drone Racing is filled with pure action as students enjoy one of the world's fastest growing sports, Drone Racing. Campers will first learn about the basic safety of drone flying and the history behind drone racing as a sport. From there, campers will progress through various skill challenges and learn how to perform various exercises and maneuvers to become familiar with the drone's speed and agility. Flight squads post up against one another in friendly competition when they race themselves and the clock. Students first maneuver the drone through creative obstacle courses before taking on the challenge of flying for speed. Participants contribute fully in this program as they create the design and help build the obstacle course in preparation for the last day's final activities and competition. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes and trinkets so the memories last long beyond the summer. Drone safety and social responsibilities of flying are included in this program. Presented by: Drobots Company. Tuition: \$435.

You Be The Judge Grades: 8th-12th

Class Meets: Mon.-Fri. 8:30am-11:45am Course Description: A highly interactive and engaging course where students get to be the judge, jury, and counsel. Through arguing and adjudicating mock trials students will gain a better understanding of the law and how it is applied while practicing critical thinking skills. They will gain greater confidence with public speaking by assuming the roles of attorneys and witnesses in a fictional criminal or civil trial. Participants experience first-hand the difficulties that judges, lawyers and juries face in determining which facts are relevant and what legal arguments are effective. Instructor: Bill Wilson. Tuition: \$225.
