

PACE presents: The Moorestown Science Fair 2017

Fun Non-Competitive Extracurricular Event

For all Moorestown students grades K-12

Plan a science project, research, experiment, record results and make conclusions!

Display your project and be proud to be a scientist!

T-shirts for all who enter a project!

Save the dates:

Science Night/Science Fair Kick-Off: February 21, UES cafeteria, 6:30-8

Demystifying science with hands-on demonstrations in engineering, food science, chemistry and robotics! Plus meet with scientists and teachers to discuss “how to” actually do a project, project ideas, the scientific method and how to set up a display. No previous scientific experience necessary!

Science Fair: April 4, location UES Cafeteria, 6:30-8

Display and view other projects, meet with a scientist mentor to discuss your work!

Registration for science fair will be available after February 21, details to follow.

Volunteers needed! Any scientists, engineers, physicians, teachers and parents with a science or teaching background; consider giving a few hours of your time to volunteer at Science night or the Science Fair. Contact Alisa Modena (abmodena@aol.com).
