SESSION 1: JUNE 24TH, 25TH, 26TH, 27TH, 28TH

## PROGRAM DESCRIPTIONS

### LEGO & K'NEX THEME PARK

RISING K-2ND

8:30AM-3:30PM

Join us as we build our very own theme parks using LEGO, K'NEX and other awesome materials. Theme Park Design allows campers to learn and test the science behind roller coasters, giant slides, and other theme park activities. Build a giant loop and race against other teams in friendly competitions, use legos to make a zip line glider, and then make a video from the riders perspective as you crash through your concession stand sending LEGOS everywhere!

FEE: \$455 BEFORE APRIL 7TH  
\$475 BEGINNING APRIL 8TH

### SEWING, AND WEAVING, AND TIE-DYE, OH MY!

RISING 1ST-5TH

8:30AM-3:30PM

Come learn how to sew, weave, tie-dye, and create beautiful masterpieces using all things fiber, including cloth, pom poms, felt, yarn, and many more. In this class students will learn basic sewing stitches, and will learn several styles of weaving. Students will create felt pillows and stuffed animals, embroidery, and even some abstract art and sculpture! Artists will end the week with a fun tie-dye party!

FEE: \$455 BEFORE APRIL 7TH  
\$475 BEGINNING APRIL 8TH

### MAD MACHINES AND JR. ENGINEERS/BRIXOLOGY

RISING 1ST-5TH

8:30AM-3:30PM

Whether you enjoy building or destroying structures, you'll love this camp! Work with simple machines such as pulleys, wedges, screws, and levers, to build your own catapults! Experiment with tessellation with triangles and cubes. Exercise your ability to work with others while constructing a geodesic dome big enough for everyone to fit inside! Let the building begin! Then, in the afternoon, Our LEGO™ BRIXOLOGY camp was developed in partnership with LEGO™ Master Builders! Team up to build exclusive creations that will test your engineering abilities! Build carnival rides, paddle boats, mechanical animals, and even a vehicle that moves. Try your hand at nautical, structural, and even biomechanical engineering! Let the tinkering begin!

FEE: \$455 BEFORE APRIL 7TH  
\$475 BEGINNING APRIL 8TH

SESSION 1: JUNE 24TH, 25TH, 26TH, 27TH, 28TH

## PROGRAM DESCRIPTIONS

### **FIZZ, BANG, BOOM, BOT!**

**8:30AM-3:30PM**

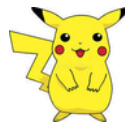

**RISING 1ST-5TH**

What do you get when you take the physics of motion, add in some electrifying experiments, and mix it up with some chemistry? Everyone has a blast! In our full day camp you'll create your own battery-powered invention, experiment with light and flight, make your own kaleidoscope and experiment with giant floating bubbles. Then, in the afternoons, you'll try your hand at robotics, use chromatography to separate the colors in candy, mix up some crazy chemical reactions, create an electric game, investigate the effects of air pressure, and compete in a tall tower engineering competition!

**FEE: \$455 BEFORE APRIL 7TH  
\$475 BEGINNING APRIL 8TH**

### **POKEMON ENGINEERING USING LEGO MATERIALS**

**8:30AM-11:45AM**

**RISING K-2ND**

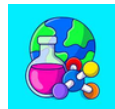

Calling all Pokémon trainers! With the Pokémon Championship approaching, join our enthusiastic Play-Well Instructors as we build and catch our favorite Pokémon, rescue Pikachu from Team Rocket, take a ride on the S.S. Anne to uncover rare and mystic Pokémon, and battle to see who will hold the title of Pokémon Master. Come along on our journey to catch 'em all!!

**FEE: \$250 BEFORE APRIL 7TH  
\$265 BEGINNING APRIL 8TH**

\*Make it a "Mix & Match" to Save!

### **WILD SCIENCE!**

**8:30AM-11:45AM**

**RISING K-2ND**

Camper 'Scientists' will explore the different states of matter and participate in many hands on experiments throughout the week. There will be plenty of pouring and mixing as we create several different types of concoctions! In addition, we will explore some of the 'wild science' mysteries found in our world and in our neighborhoods.

**FEE: \$250 BEFORE APRIL 7TH

### **BRIGHT BRAINS: EXPLORING THE NERVOUS SYSTEM**

**8:30AM-11:45AM**

**RISING 3RD-5TH**

Calling all future doctors and scientists! It's time to learn about the nervous system. This hands-on course will teach young thinkers about how the brain works and talks to the rest of the body, some of its important parts, why we go a little bonkers when we face challenges, and what we can do about it. There will be games, crafts, and lots of laughs! If your child has food allergies, please be aware, we will handle eggs and create edible models, which will include gummy candy, Fruit Roll-Ups, and Oreo cookies. Please bring the material fee on the first day of class.

**FEE: \$250 BEFORE APRIL 7TH**

### **CUPCAKE WARS**

**8:30AM-11:45AM**

**RISING 5TH-12TH**

Is your child a budding master chef with a creative spark? Then it's time to hop on board for a cupcake adventure! We'll whip up a batch of scrumptious sweets and learn the tricks of the trade, measuring and mixing the perfect ingredients. Each day, we'll take on a new recipe that your mini sous chef has a hand in creating, using the freshest ingredients to craft the most delectable treats. As the week zips by, the creations will get more and more ingenious, and we'll divide into teams for a "championship bake-off" on the last day. Your little culinary genius will even take home a cookbook full of the week's recipes and enough mouth-watering treats to share with the whole family! Please bring the material fee on the first day of class.

**DR. SEUSS K'NEX GREAT ROBOTICS ADVENTURE**  
**8:30AM-3:30PM**

**RISING K-2ND**

The Cat in the Hat is at it again, but this time with a group of young campers who call themselves: The Seuss Crew! Junior Engineers will work together in small groups as both campers and their instructors attempt to track down the Cat in the Hat. This frisky feline has been seen hiding around camp, so we will need the assistance of Detective "INDI" (Drobots' latest dazzling robot). In this action-packed program, campers use spinning robots, LEGOs and K'nex to navigate the maps left behind in order to find the Cat in the Hat. Also, campers will use K'nex to build traps, vehicles, and wacky games to help the Lorax find his mustache. Campers will love our age-appropriate and durable robots that can be raced, wrecked, and flipped! LEGOs will be used to make snog-waddles and ziberflows to coax Horton out into the open in this one of a kind junior technology and engineering program.

## PROGRAM DESCRIPTIONS

### VETS IN TRAINING

12:15PM-3:30PM

RISING 3RD-6TH

Vets in Training is coming this summer! Please join us each day to explore the world of veterinary medicine. Each day will include an animal interaction with a new fun and exciting topic. Some examples are veterinary microscopy, pet CPR, responsible pet ownership, and veterinary procedures. And of course, we will bring along some of our VIT animals so you can spend some time with them while learning what it takes to be a vet and care for a variety of animals

### CODING & TECH CAMP

12:15PM-3:30PM

RISING 4TH-6TH

Have you ever wondered how some of your favorite apps or games were created? Join Exploring Technology and Coding this summer as we take your knowledge of technology to the next level. Designed for beginners and intermediate learners alike, this immersive camp offers hands-on experiences with Scratch, a user-friendly visual programming language. Through engaging projects and interactive challenges, campers will unleash their creativity, develop problem-solving skills, and bring their ideas to life through animated stories and games
